Brass One Touch-in Fitting

Male elbow

* The main and auxiliary components of the pneumatic tubing fittings are made of brass.
* These fittings offer excellent flame resistance, heat resistance, and spatter protection.
* When connecting or disconnecting tubing, simply press down the release sleeve to insert or remove the tube easily without causing damage.
* For straight, tee, and cross fittings, once installed, the fitting body can be rotated to conveniently adjust the tubing direction.

Specifications

Working medium	Air, Water
Working pressure	0 to 1.0MPa
Vacuum pressure	-100kPa
Working temperature	0 to 60°C

Ordering Code Brass One Touch-in Fitting
